January 2018

January Meeting
Speaker – Scott Bever
Topic: “How to Grow Orchids” & “Member Growing Space Event!”
Thursday, January 18th at Franklin Park Conservatory
Beginner’s Corner 7:30pm – Meeting starts at 8pm

For our January meeting we will have a special topic that is sure to inform and delight! COOS’s own Scott Bever will present on his growing set-up, including growing under LED lights. We will also present a slideshow of members’ growing spaces and share knowledge and tips on how they set up and manage these spaces. There will be plenty of opportunity time to field questions. These types of workshops are always fun and informative for new as well as seasoned growers.

In conjunction with our workshop, we will also have a members’ plant sale, so bring along those “extras”, divisions, and plants that, for whatever reason, need to find a new home. Please remember 20% of proceeds are due to the society and can be paid to our Treasurer Cheryl Early.

Due to the inclement weather, there will be no pre-meeting dinner this month. Hope to see lots of you at this month’s meeting.

President’s Message

What an exciting time! A new year, a new society board, lots of stimulating orchid activities for the society, and lots of great growing ahead of us!

I would like to take a moment to first thank all of you for the opportunity to lead the society over the next two years. Our society has come a long way in just the past couple years (and thank you Dave Markley for your excellent leadership in getting us here!). To recap, we have increased membership by 35%. We have brought in exciting speakers and held programs that have been fun and informative. We have put on fun and successful home shows. We have supported our sister societies across the Ohio region. And, we have done so living within our financial means as a society.

We are heading into 2018 with new board members who continue to bring excellent ideas and lots of passion to take the Central Ohio Orchid Society to the next level, all with one purpose: giving YOU a way to learn, share, and enjoy all that our special group has to offer. We are an energetic and passionate group, and we love to include all our members in the rewarding activities that make up our society.

So, for 2018, we will build on this success! I mentioned the great ideas of our new board. Our number one goal is always supporting our members and increasing our membership. To support this goal, I want to make sure that, as a society, we:

- Have excellent communication, and information sharing that is timely and relevant
- Provide opportunities for our members to interact and volunteer in the society in the way they are most comfortable with
- Manage the society's business transparently and execute all events efficiently
- Set up the society for future success through mentoring and teaching

To this end I wanted to close with a reminder and invitation. The COOS board meets the second Tuesday of every odd month. Meetings are at 7PM at the Columbus Public Library in Whitehall (4445 E Broad St, Whitehall, OH 43213). Our next meeting is January 9th. Board meetings are open to all members and I encourage anyone interested to join us!

Thanks again, happy new year and best wishes for you and your orchids!
